PREMIUM PRODUCTS

Every product is engineered for precision, esthetics, and long-term durability — from monolithic zirconia to full-metal DMLS solutions.

ZIRCONIA

DM Monolithic Zirconia

- High-strength full-contour zirconia
- Ideal for posterior restorations

ESTHETIC

Monolithic Zirconia — Labial Layering

- Esthetic labial porcelain layering
- Enhanced lifelike anterior appearance

ZIRCONIA

DM Basic Zirconia

- Affordable with full layering
- Suitable for everyday clinical needs

CLASSIC

DM Classic Zirconia

- Balance of esthetics & strength
- Versatile restorative options

PREMIUM

DM Premium Zirconia

- Ultra-translucent superior esthetics
- Demanding cosmetic zones

METAL CERAMIC

DMLS PFM

- Excellent biocompatibility
- Ideal for long-span bridges & implants

FULL METAL

DMLS Full Metal

- Long-lasting crowns & bridges
- Superior accuracy & marginal fit

GINGIVA

Gingiva Restorations

- Small, Medium, Large options
- Natural gum-line esthetics

All Intraoral Scanners Accepted

iTero · 3Shape TRIOS · Medit · Primescan · Shining 3D · and all major brands.
Send your digital scans directly — we handle the rest.

OUR ADVANTAGE

Premium Quality Assured

Every restoration passes rigorous multi-stage QC before leaving our lab.

Fast Turnaround Time

Streamlined digital workflow ensures timely delivery — avg. 48-hour turnaround.

Affordable for All Budgets

From basic zirconia to ultra-translucent premium — options for every case.

Skilled Technicians

Highly experienced dental technicians with years of hands-on expertise.

Latest CAD/CAM & 3D Tech

State-of-the-art milling, sintering, and 3D printing for precision results.

Dedicated Support

Direct communication with our CAD team for custom case consultation.

"The monolithic zirconia crowns from Dentmart have excellent marginal fit and natural translucency. My patients love the esthetics, and I love the predictable results."

— Dr. Rajesh Kumar, Prosthodontist, Thrissur

OUR LAB & TECHNOLOGY

Precision Equipment

5-AXIS MILLING

XTCERA X-Mill 500 Plus

High-precision 5-axis dental milling machine for zirconia, PMMA, and wax — delivering exceptional accuracy and surface finish.

3D SCANNING

SHINING 3D AutoScan DS-EX Pro

Dual 5.0 MP camera lab scanner capturing every detail of dies, models, and articulators with $\leq 8 \mu\text{m}$ accuracy.

PORCELAIN FIRING

Ivoclar Programat P310

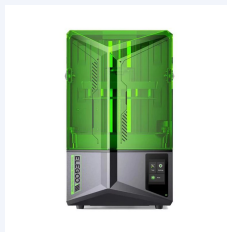

State-of-the-art ceramic furnace with QTK2 muffle technology and color touchscreen for flawless porcelain and glaze firing.

SINTERING

ZTCF-30B Zirconia Sintering Furnace

High-temperature sintering oven designed specifically for dental zirconia — ensuring full density and optimal flexural strength.

3D PRINTING

ELEGOO Saturn 4 12K

Ultra-high-resolution resin 3D printer for dental models, surgical guides, and temporaries with $19 \times 24 \mu\text{m}$ XY resolution.

INTRAORAL SCANNING

SHINING 3D Aoralscan 3

High-performance intraoral scanner offering exceptional accuracy, speed, and AI-powered scanning for an enhanced digital workflow.

Price List (Inclusive of GST) · Per Unit

ZIRCONIA

PRODUCT	RATE (₹)
01 DM Monolithic Zirconia Up to 3 Units	₹ 1,750
02 DM Monolithic Zirconia — Labial Layering Up to 3 Units	₹ 1,950
03 DM Monolithic Zirconia Up to 5 Units	₹ 2,000
04 DM Monolithic Zirconia — Labial Layering Up to 5 Units	₹ 2,150
05 DM Basic Zirconia Up to 6 Units	₹ 2,500
06 DM Classic Zirconia	₹ 3,000
07 DM Premium Zirconia	₹ 3,500

METAL CERAMIC

PRODUCT	RATE (₹)
08 DMLS PFM	₹ 850
09 DMLS PFM Facing	₹ 900

FULL METAL (DMLS)

10 Full Metal Endocrown	₹ 600
11 Full Metal Crown	₹ 500

GINGIVA

12 Gingiva Small	₹ 350
13 Gingiva Medium	₹ 450
14 Gingiva Large	₹ 650

Terms & Conditions

Authentication Policy — Please read carefully before placing your order

AUTHENTICATION COVERAGE

- ✓ Authentication covers **manufacturing defects only**, subject to evaluation by Dentmart's experts.
- ✓ Claims must include: **doctor's note, damaged prosthesis, new jaw models**, and original authentication certificate.
- ✓ Claims must be made **through the registered clinic**. Patients must follow post-treatment care and attend check-ups every 6 months.
- ✓ Extension, occlusion, and fit issues are **based on original model**. Final prosthesis may not exactly replicate the original.
- ✓ Damages from **accidents, misuse, or negligence** are not covered. Only replacement of defective prosthesis — no cash compensation.
- ✓ Does **not cover** damage to surrounding oral structures (teeth, gums, or bone).
- ✓ Excludes: **consultation fees, X-rays, modifications, transportation, and placement**. Original design changes not permitted.
- ✓ Dentmart may update terms via **dentmart.co.in**. All disputes under jurisdiction of **Ernakulam District Court, Kerala**.
